

Senate Bill No. 1381

CHAPTER 705

An act to amend Sections 46300, 48000, and 48010 of the Education Code, relating to kindergarten.

[Approved by Governor September 30, 2010. Filed with
Secretary of State September 30, 2010.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1381, Simitian. Kindergarten: age of admission.

(1) Existing law requires that a child be admitted to kindergarten at the beginning of a school year, or at any time later in the same year if the child will have his or her 5th birthday on or before December 2 of that school year. An elementary school is required to admit a child to the first grade during the first month of a school year if the child will have his or her 6th birthday on or before December 2 of that school year.

This bill would change the required birthday for admission to kindergarten and first grade to November 1 for the 2012–13 school year, October 1 for the 2013–14 school year, and September 1 for the 2014–15 school year and each school year thereafter, and would require a child whose admission to a traditional kindergarten is delayed to be admitted to a transitional kindergarten program, as defined. The bill would require pupils who are participating in transitional kindergarten to be included in computing the average daily attendance of a school district in accordance with specified requirements. To the extent those changes establish new administrative duties on the governing boards of school districts in implementing the changes, they would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Kindergarten Readiness Act of 2010.

SEC. 2. Section 46300 of the Education Code is amended to read:

46300. (a) In computing average daily attendance of a school district or county office of education, there shall be included the attendance of pupils while engaged in educational activities required of those pupils and under

the immediate supervision and control of an employee of the district or county office who possessed a valid certification document, registered as required by law.

(b) (1) For purposes of a work experience education program in a secondary school that meets the standards of the California State Plan for Career Technical Education, “immediate supervision,” in the context of off-campus work training stations, means pupil participation in on-the-job training as outlined under a training agreement, coordinated by the school district under a state-approved plan, wherein the employer and certificated school personnel share the responsibility for on-the-job supervision.

(2) The pupil-teacher ratio in a work experience program shall not exceed 125 pupils per full-time equivalent certificated teacher coordinator. This ratio may be waived by the state board pursuant to Article 3 (commencing with Section 33050) of Chapter 1 of Part 20 of Division 2 under criteria developed by the state board.

(3) A pupil enrolled in a work experience program shall not be credited with more than one day of attendance per calendar day, and shall be a full-time pupil enrolled in regular classes that meet the requirements of Section 46141 or 46144.

(c) (1) For purposes of the rehabilitative schools, classes, or programs described in Section 48917 that require immediate supervision, “immediate supervision” means that the person to whom the pupil is required to report for training, counseling, tutoring, or other prescribed activity shares the responsibility for the supervision of the pupils in the rehabilitative activities with certificated personnel of the district.

(2) A pupil enrolled in a rehabilitative school, class, or program shall not be credited with more than one day of attendance per calendar day.

(d) (1) For purposes of computing the average daily attendance of pupils engaged in the educational activities required of high school pupils who are also enrolled in a regional occupational center or regional occupational program, the school district shall receive proportional average daily attendance credit for those educational activities that are less than the minimum schoolday, pursuant to regulations adopted by the state board; however, none of that attendance shall be counted for purposes of computing attendance pursuant to Section 52324.

(2) A school district shall not receive proportional average daily attendance credit pursuant to this subdivision for a pupil in attendance for less than 145 minutes each day.

(3) The divisor for computing proportional average daily attendance pursuant to this subdivision is 240, except that, in the case of a pupil excused from physical education classes pursuant to Section 52316, the divisor is 180.

(4) Notwithstanding any other provision of law, travel time of pupils to attend a regional occupational center or regional occupational program shall not be used in any manner in the computation of average daily attendance.

(e) (1) In computing the average daily attendance of a school district, there shall also be included the attendance of pupils participating in

independent study conducted pursuant to Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28 for five or more consecutive schooldays.

(2) A pupil participating in independent study shall not be credited with more than one day of attendance per calendar day.

(f) For purposes of cooperative career technical education programs and community classrooms described in Section 52372.1, “immediate supervision” means pupil participation in paid and unpaid on-the-job experiences, as outlined under a training agreement and individualized training plans wherein the supervisor of the training site and certificated school personnel share the responsibility for the supervision of on-the-job experiences.

(g) (1) In computing the average daily attendance of a school district, there shall be included the attendance of pupils in kindergarten after they have completed one school year in kindergarten or pupils in a transitional kindergarten program after they have completed one year in that program if one of the following conditions is met:

(A) The school district has on file for each of those pupils an agreement made pursuant to Section 48011, approved in form and content by the department and signed by the pupil’s parent or guardian, that the pupil may continue in kindergarten for not more than one additional school year.

(B) The pupils participated in a transitional kindergarten program pursuant to subdivision (c) of Section 48000.

(2) A school district may not include for apportionment purposes the attendance of any pupil for more than two years in kindergarten or for more than two years in a combination of transitional kindergarten and kindergarten.

SEC. 3. Section 48000 of the Education Code is amended to read:

48000. (a) A child shall be admitted to a kindergarten maintained by the school district at the beginning of a school year, or at a later time in the same year if the child will have his or her fifth birthday on or before one of the following dates:

- (1) December 2 of the 2011–12 school year.
- (2) November 1 of the 2012–13 school year.
- (3) October 1 of the 2013–14 school year.
- (4) September 1 of the 2014–15 school year and each school year thereafter.

(b) The governing board of a school district maintaining one or more kindergartens may, on a case-by-case basis, admit to a kindergarten a child having attained the age of five years at any time during the school year with the approval of the parent or guardian, subject to the following conditions:

(1) The governing board determines that the admittance is in the best interests of the child.

(2) The parent or guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

(c) As a condition of receipt of apportionment for pupils in a transitional kindergarten program pursuant to subdivision (g) of Section 46300, a school district or charter school shall ensure the following:

(1) In the 2012–13 school year, a child who will have his or her fifth birthday between November 2 and December 2 shall be admitted to a transitional kindergarten program maintained by the school district.

(2) In the 2013–14 school year, a child who will have his or her fifth birthday between October 2 and December 2 shall be admitted to a transitional kindergarten program maintained by the school district.

(3) In the 2014–15 school year and each school year thereafter, a child who will have his or her fifth birthday between September 2 and December 2 shall be admitted to a transitional kindergarten program maintained by the school district.

(d) For purposes of this section, “transitional kindergarten” means the first year of a two-year kindergarten program that uses a modified kindergarten curriculum that is age and developmentally appropriate.

(e) A transitional kindergarten shall not be construed as a new program or higher level of service.

SEC. 4. Section 48010 of the Education Code is amended to read:

48010. (a) A child shall be admitted to the first grade of an elementary school during the first month of a school year if the child will have his or her sixth birthday on or before one of the following dates:

(1) December 2 of the 2011–12 school year.

(2) November 1 of the 2012–13 school year.

(3) October 1 of the 2013–14 school year.

(4) September 1 of the 2014–15 school year and each school year thereafter.

(b) For good cause, the governing board of a school district may permit a child of proper age to be admitted to a class after the first school month of the school term.

SEC. 5. The Legislature finds and declares that pupils participating in transitional kindergarten are to be included in computing the average daily attendance of a school district for purposes of calculating school district apportionments and the funding requirements of Section 8 of Article XVI of the California Constitution.

SEC. 6. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
